## Dog That Attacked Child Services Are Held Here For Charles de Bruche Owes Life to Her Plea

Policeman Was About to Shoot Writer, Killed in Mexico, Was Husband of Winifred Sack-Vicious Animal When Little Girl Intervened ville Stoner Jr. If dogs are as grateful to their bene-

Funeral services for Charles Philippe factors as they are reputed to be, one de Bruche, husband of Winifred Sackof them should be the devoted servant of a little Brooklyn girl for the rest at 418 Central Park West, the home

Stoner.

Mr. de Bruche was a native of France, a writer and a traveler. He was killed in an automobile accident in Mexico City as he and his wife were about to start for South America, where mining properties he owned.

Mr. French was born in October 12, 1870. He was a trustee of Syracuse University, which he attended as a student for two years before going to the Royal School of Mines at Freiberg, Saxony, Germany.

Following graduation he served four years as a newspaper reporter before he took up work as a chemist for the Sanderson Steel Company. He later transferred to the Crucible Company

about to start for South America, where Mr. de Bruche intended to inspect some mining properties he owned.

Miss Stoner, a writer, was a center of public attention about ten years ago when she entered college at the age of ten years. She could speak ten languages when she was eight years old and passed her college entrance examination at the age of nine years. She was married August 7, 1921.

## Death Rate Up, Fewer Births North Carolina Leads States in

Buster Rech, of Jersey City, champion marble shooter, is going to retire.
Advancing years and increasing responsibilities, he said yesterday, made it impossible for him to consent longer to fill the role of world's champion marble shooter. He is fourteen years old.

The birth rate in the Penfold family which settled in Queens before the Revolution, and connected by marriage with the Riker family which settled in Newtown in 1652, died yesterday at the old Riker home in Gerry avenue, Elmhurst, in her ninety-first year.

The birth rate in the Penfold family which settled in Queens before the Revolution, and connected by marriage with the Riker family which settled in Newtown in 1652, died yesterday at the old Riker home in Gerry avenue, Elmhurst, in her ninety-first year.

The birth rate in the Penfold family which settled in Newtown in 1652, died yesterday at the old Riker home in Gerry avenue, Elmhurst, in her ninety-first year.

The birth rate is declining and the death rate increasing, according to statistics made it impossible for him to consent longer public to-day by the Census Bureau, to fill the role of world's champion marble shooter. He is fourteen years old.

one first quarter of the year.

The birth rate in the states from which comparative figures were available showed an average of 23.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first three months of 1922, against 25.3 for each thousand of population in the first quarter this yeary was 13.7 against 12.6 in the same period last year.

Who is champion of West New York.

"Buster's been living on his rep," said Francis confidently, "but I'm your said Francis confidently, "but I'm your or lose," said Buster seriously, "this will be my last appearance. I am going to retire."

Worth Ladvi:

North Carolina, with 29.2, reported the highest birth rate for the three months this year, and the State of Washington, with 16.5, the lower of the period last year.
